

G-Way Microwave

ENVIRONMENTAL POLICY

G-Way Microwave is committed to the care of the environment and the prevention of pollution.

G-Way Microwave ensures that all its activities are carried out in conformance with applicable legal requirements.

G-Way Microwave seeks to minimize waste, promote recycling, reduce energy consumption, reduce harmful emissions and, where possible, to work with suppliers who themselves have implemented environmental policies.

An essential feature of the environmental management system is a commitment to improving environmental performance. This is achieved by setting annual environmental improvement objectives and targets which are regularly monitored and reviewed. The objectives and targets are publicized throughout G-Way Microwave and our personnel are committed to their achievement.

To ensure the achievement of the above commitments, G-Way Microwave has implemented an environmental management system which satisfies the requirements of ISO 14001.
